Memorandum From: The Editor

To: You Re: SERVICE BUREAU

An unexpected flood of mail------it has been overwhelming. Just look at the picture of our postman on page 73. He has been working very hard and we love it.

Letters have come in from all over--including Alaska, the Canal Zone, even far-off China. You have told us how much you like our magazine-----you like the selected styles with their simplicity of line, usability combined with glamour-----the fact that you can tell at a glance just how much it will cost for the yarns necessary to make any item.

Now we want to tell you we are happy that you like MODERN KNITTING. Keep the letters coming-----constructive criticism is welcome----

We do not want to sound like Pollyannas but we are also glad that you like our Service Bureau--we know that you do from the great number of orders that have come in. We will continue the following services:

1. When you cannot get a particular wool or whatever it may be, order it from MODERN KNITTING. With your order enclose the amount (see "Approximate Cost" for current retail price) plus postage. Any amount in excess will be refunded. If you prefer, your order can be sent C. O. D.

2. If you have a hand-knitted sweater or pullover or any other hand-knitted or crocheted article that is unfinished because of lack of material or because it is too big or too small we will re-design your garment. Send your article with a note explaining your problem, the desired measurements or size, and a check or a money order for $2.50. For this amount expert designers, under my personal supervision, will re-design your article and send you sketches for your approval. From these sketches you may make a choice by putting your signature on the one you choose. For the above amount we will alter your garment and give knitting or crocheting instructions for finishing the article yourself. We will also give an estimate on the amount and kind of material necessary for completing the article. This material may be purchased from us. We hope the above will convince you that our policies and services are determined by you--our readers.

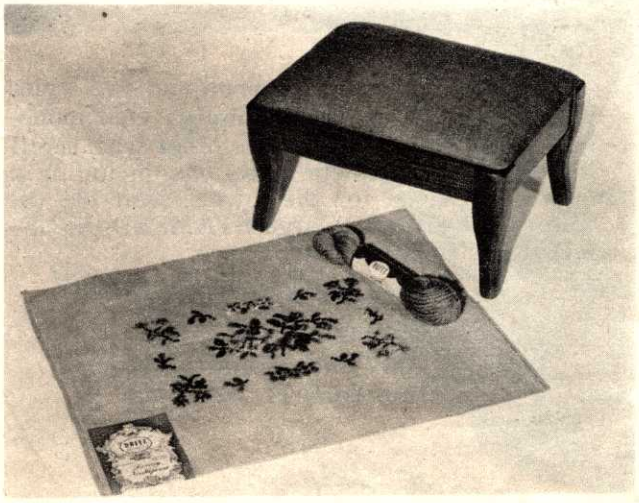
Dritz Luxury Needlepoint



MATERIALS: Dritz Luxury Needlepoint Pattern No. 2049/1, Size 15″ x 18″. Dritz Footstool No. 5221, Dritz Luxury Needlepoint Wool for Background—8 skeins (approx.).

Approximate Cost: $10.00. Footstool included.

To complete these charming pieces of needlepoint, work background with Continental stitch, holding needle as shown on chart provided with patterns.

Although there are several other types of needlepoint stitches, the Continental stitch is recommended for durability as this stitch fills in the back as well as the front of the canvas. The stitch is worked from right to left. Yarn should not be pulled too tightly so that canvas will be covered firmly and evenly. To prevent yarn from fraying or curling, threads should be cut in lengths not exceeding 22″. When piece is finished, it is sometimes slightly out of shape. To restore to proper shape, dampen slightly and stretch on flat surface, wrong side up. It is advisable to secure the piece to a board, using thumb tacks about ¾″ apart. Do not remove until thoroughly dry. Needlepoint may then be pressed on wrong side, using damp cloth and a warm (not hot) iron. The selection of background color depends entirely upon the individual. Dritz Luxury Needlepoint Wool is available in a wide range of both light and dark background colors in lovely decorator shades.

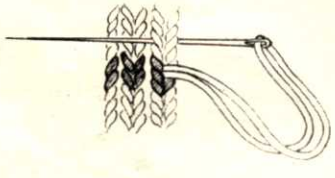
What every knitter should know about blocking and finishing

DUPLICATE ST—is the most popular one used to embroider over stockinette st.



For good fit, correct blocking is most important. We advise, very strongly, that you block each part separately as follows: Lay each piece, **wrong side up,** flat on a pressing board. If board is not large enough, use rug on floor, having turkish towel under piece you are going to block. **(Ill. No. 1.)** Pin all around piece **(some patterns,** particularly the ribbed type, may have to be stretched to size). Pass moderately hot iron over a wet cloth laid on article **(Ill. No. 2).**
For perfect fit, cut pattern to the desired measurements.

We will send out **patterns** for all items appearing in Modern Knitting, on all sizes marked on directions. If you wish a pattern for sweater, pullover or blouse, send **50c** to **MODERN KNITTING,** 247 Park Avenue, New York 17, N. Y. For dress pattern send **75c.**

IMPORTANT: Please mark page number and name of garment on your request. These patterns are **designed for blocking and can be used several times.** Leave article pinned on board until dry, then steam over pin marks lightly. After seams are finished, steam them open on wrong side **(Ill. No. 3).** Before blocking, work buttonhole stitch around buttonholes, then stitch opening together with thread of contrasting color, then block over buttonhole. Pull cotton stitching out.

FINISHING HINTS: Single crochet around edges, work this row neither too loose nor too tight. Work 2 or 3 single crochets in each corner. To accomplish a perfectly even line, work a 2nd row of sc, having wrong side of article facing you.

WOW.. a new Susan Bates Knitting Convenience the Cablestitch Holder

One of the handiest aids a knitter ever had, especially now when cablestitching is so much in the vogue. The stitches, when slipped into the curve, cause the holder to drop back or front of the work, out of the way, until they are ready to be picked up again to make the cable or twist. You'll be thrilled at the convenience.

Susan Bates fashioned the Cablestitch Holder scientifically with just the right taper and just the right curve. Perfect size for all types of yarn and all knitting needles. At your favorite knitting accessory counter.

The new Susan Bates Cablestitch Holder is as fine as the famous Susan Bates Precision Tapered Knitting Needles. To the millions of women who use Susan Bates Needles,* that *is the surest promise of quality.*

Stitches settle securely into this curve and won't drop off.

HOW TO MAKE YOUR OWN DOLLS

for Pleasure and Profit
Written and Illustrated by Grace E. Schauffler

Home-made dolls have an irresistible appeal all their own — perhaps because so much love and effort is put into their making. Grace L. Schauffler, the author, has been making (and collecting) dolls for many years. Her dolls have given delight to young and old. In this new book, she tells you simply and exactly how to make your own dolls — (and also clothes, accessories and furniture). Here are directions for making: — Beanbag Brownie; Pink Rabbit; Paper Dolls: Susie Sock; Quilted Queenie; Corn Husk Dolls and Animals; Apple Grandma; Doll-House Dolls; Princess Ann Elizabeth; Rose-Mary and Mary-Rose (two-dolls-in-one); and many more. Full size patterns are provided. Careful drawings show each step of the making as well as the finished doll. The directions are so clearly given and the patterns so simple that children can follow them, yet from the same book, dolls can be made to sell successfully in shops. Little girls are thrilled and wide-eyed, big girls give them the honor spot on their dressing table and collectors add them to their collections. The author devotes a complete section to DOLL COLLECTING, and includes photographs and descriptions of famous dolls, collections and museum rarities. Also ideas and instructions for the making of Doll Clothes, Miniature Furniture, Doll Houses, etc. Advice on Doll Display; information on Selling Dolls, etc. This is probably the most complete book on Doll-Making ever published.
